

FLYOVER COUNTRY? **NOT ANYMORE.**

More plant scientists call St. Louis home than anywhere else in the world.

- Top-tier medical and plant research institutions
- A capital-efficient local market to grow your business
 - BioGenerator free lab space houses 56 startups
- Over \$1.2 billion in capital investments by 70 outside stakeholders
- North American headquarters to firms from Argentina, Germany, India and Israel

FIND OUT WHY ST. LOUIS IS A GLOBAL LEADER IN BIOSCIENCE
